

AdvancedWare is Pleased to Present AWSalesforceInterface for DataFlo - \$25,000

AWSalesforceInterface is the perfect solution for DataFlo users who are running Salesforce or are planning to run Salesforce. Salesforce is a great product but without the key integration with DataFlo you are getting less than half the benefit. AWSalesforceInterface includes initial loads of historical information as well as automatic updates for new/updated information.

AWSalesforceInterface integration from DataFlo to Salesforce:

- DataFlo Customer Master information integrated with Salesforce Accounts
- DataFlo Customer Contacts information integrated with Salesforce Contacts
- DataFlo Parts Master information integrated with Salesforce Products
- DataFlo Quotes (Header & Detail) information integrated with Salesforce Quotes
- DataFlo Sales Orders (Header & Detail) information integrated with Salesforce Sales Orders
- DataFlo Invoices (Header & Detail) information integrated with Salesforce Invoices

AWSalesforceInterface integration from Salesforce to DataFlo:

- Salesforce Accounts information integrated with DataFlo Customer Master
- Salesforce Contacts integrated with DataFlo Customer Contacts
- Salesforce Quotes integrated with DataFlo Quotes (Header & Detail)

Our Turnkey Approach: For the price of \$25,000, AWSalesforceInterface provides your company with two way integration with DataFlo and Salesforce. The \$25,000 price includes all services for Installation, Setup, Pilot Reviews and Go-Live. And best of all, AWSalesforceInterface works with any release of DataFlo, even if you have customization.
