# AdvancedWare is Pleased to Present AWSalesReports for SQL Server - $14,500 or $19,750 *Premium Version*

AWSalesReports makes it easy to "slice & dice" a wide variety of Sales Information from your SQL Server system. With AWSalesReports, you can view "Big Picture" information, or drill into the details with a click of the mouse. Imagine using a graphical browser interface to quickly and easily review Sales Information for Regions, Sales Reps, Product Lines, Customers, Specific Products, and more. Exporting to Excel and Graphing – it's all there with AWSalesReports!

AWSalesReports is also available in a Premium Version which includes a Digital Dashboard that graphically displays key business information. By having these "Key Business Indicators" always at your fingertips, you can drive important business decisions quickly and easily.

Works on Smartphones!

Our Turnkey Approach: For the price of $14,500 ($19,750 for Premium Version), AWSalesReports includes all products and services needed for your company to be up and running live. We include the installation and setup of AWSalesReports on your system and full integration to your SQL Server system.

The Bottom Line: All you need is AWSalesReports and you will be clicking your way to great Sales Information.
