

Delivering Exceptional Services & Software Every Time

AWFedExInterface
\$4,000

AdvancedWare is Pleased to Present AWFedExInterface for Avanté - \$4,000

The AWFedExInterface product automatically loads from your Avanté system all the information required by FedEx for a shipment. Once you complete the shipment in the FedEx system, all the information such as Shipment Cost, Total Weight, Number of Packages, and Tracking Number(s) are then automatically loaded into your Avanté system. AWFedExInterface streamlines the shipment process and eliminates errors caused by having to maintain redundant customer address information.

Below, you can see the flow of the AWFedExInterface process. In one simple step, the information is automatically loaded into the FedEx system and is ready to be processed. Then, with a click of the mouse the information is automatically loaded from FedEx into your Avanté system.

Shipment	1012

Receiving into Avanté the Shipment Cost, Total Weight, Number of Packages and Tracking Number(s) from FedEx Ship Manager.

Our Turnkey Approach: For the price of \$4,000, AWFedExInterface includes the combination of products and services needed for your company to be up and running live. We include the installation and setup of AWFedExInterface on your system and full integration to your release of Avanté, even if you have customization.

The Bottom Line: With AWFedExInterface, your users will be able to ship directly from your Avanté system using FedEx and capture all the required information in a snap. Best of all, AWFedExInterface provides an unlimited license to run on as many shipping stations as you like.
